RESOLUTION.

People of this place had been agitating and appealing the Central Government as well as the Southern Railways ager to get a railway station newly established between hangad-Nileshwar Railway stations in between the 503-504-mile-stones. But so far a favourable stand has not been assured by the authorities.

Fish, Tobacco, Cashewnut, Chillies and Copra are being exported every year from the village of Kanhangad. Besides people are everyday going from this place to the highschools and other schools in Nileshwar and Hosdrug, and also for Court affairs as well as trade business. Fish trade is every day prospering. But the Central as well as State Governments are neglecting this particular village in all respects. There are no proper communications in this village. As far as communication is concerned there is only one Highway road passing through this village.

In view of the above-mentioned circumstances, the necessity of a railway station in this village is more and more keenly felt day by day. So, in the middle of the Kanhangad-Nileshwar railway stations, somewhere in between the 503-504 mile-stones a railway station should be started and the Central Government and the Southern Railways Manager are requested to do the needful in the matter.

This Panchayat requests Mr. Kelappan, M.P., Kozhikode to try his level best to achieve this end.
